## 1. School Vision

Our Vision as a Church of England school is to deliver a caring, stimulating and enjoyable experience for all our pupils, during which pupils are expected to do their best at all times and to live out our Christian values by treating others as they would like to be treated. John 10:10 states (Good News Bible) "I have come in order that you might have life-life in all its fullness" and our vision aligns with this in that through our broad and balanced curriculum offer pupils should leave our school with: strong basic skills of communication, self-management and team-working skills, be able to access the next stage of learning, be useful and caring citizens of our country with pride and awareness of our collective values and with special memories of their time at our school.

Our Mission Statement is "let all you do, be done in love"

## 2. Our Ethos

Recognising its historic foundation, the school will preserve and develop its religious character in accordance with the principles of the Church of England and in partnership with the Church at parish and diocesan level.

The school aims to serve its community by providing an education of the highest quality within the context of Christian belief and practice. It encourages an understanding of the meaning and significance of faith and promotes Christian values through the experiences it offers to all its pupils.

The children will gain skills, knowledge, and understanding enabling them to experience success and to realise their potential in a safe and caring environment. The children will be taught those values and attitudes which will strengthen their respect for themselves and others, enabling them to take their place in society with confidence. The way people behave towards one another plays a vital role in achieving this aim.

## 3. Aims and Purposes

This policy aims to:

- > Provide a consistent approach to behaviour management that is applied equally to all pupils
- > Define what we consider to be unacceptable behaviour including bullying and discrimination
- > Outline how pupils are expected to behave
- > Identify any safeguarding concerns that are the root of any unacceptable behaviour
- > Summarise the roles and responsibilities of different people in the school community with regards to behaviour management
- > Outline our system of rewards and sanctions
- > Consider what extra support can be offered to groups of pupils who are at a higher risk of exclusion, or pupils who are particularly vulnerable to the impacts of exclusion

## 4. Legislation and Statutory Requirements

This policy is based on advice from the Department for Education (DfE) on:

- > [Behaviour and discipline in schools](#)
- > [Searching, screening and confiscation at school](#)
- > [The Equality Act 2010](#)
- > [Keeping Children Safe in Education](#)
- > [School suspensions and permanent exclusions](#)
- > [Use of reasonable force in schools](#)
- > [Supporting pupils with medical conditions at school](#)
- > It is also based on the [Special Educational Needs and Disability \(SEND\) Code of Practice.](#)

- > In addition, this policy is based on:
- > Section 175 of the [Education Act 2002](#), which outlines a school's duty to safeguard and promote the welfare of its pupils
- > Sections 88-94 of the [Education and Inspections Act 2006](#), which require schools to regulate pupils' behaviour and publish a behaviour policy and written statement of behaviour principles, and give schools the authority to confiscate pupils' property
- > [DfE guidance](#) explaining that maintained schools must publish their behaviour policy online

## 5. Our Behavioural Philosophy and agreed statement of behaviour principles

As a Christian school we recognise that good behaviour stems from our belief that we should treat others as we would like to be treated and that when we do wrong we should ask for forgiveness and have the chance to be reconciled and forgiven. Good behaviour is expected at our school but we know it must also be taught and managed well. In order for children to meet their full potential and have a memorable, happy time at our school, fulfilling our vision of "life in all its fullness", it is vital that our climate for learning is one of mutual respect and good behaviour.

Children need to feel secure in the expectations of the school and of the rewards and sanctions they can expect. In reflecting our Christian faith, it is important that all staff adhere to the systems described in this policy. Fairness, justice and reconciliation with forgiveness are the key to our actions and the children's (and parents) expectations of the adults in school when managing behaviour.

As a school our expectations of behaviour are high; we expect pupils to behave around school and when we take them out of school. Our policy shows how we reward consistently good standards of behaviour in order to promote the highest standards and how we will deal with incidents when our expectations are not met. Our behaviour policy reflects our Christian ethos and values in action. The three values which underpin this policy are: **respect, honesty and care**. These values will be taught through collective worship and our management of behaviour situations.

The Education and Inspections Act 2006 and DfE guidance requires the Governing Body to make and frequently review a statement of general behaviour principles in determining measures by the Headteacher to promote good behaviour through this policy.

The agreed statement of principles for Wilbarston CE Primary School (underpinned by our Christian values):

- > Every pupil understands they have the right to feel safe, valued, respected and to learn free from the disruption of others
- > All pupils, staff and visitors are free from any form of discrimination
- > Every member of the school community understands how they should treat other people and how they should be treated
- > Ensure opportunities for forgiveness and reconciliation are provided
- > Staff and volunteers act as role model for pupils ensuring high expectations for behaviour and positive relationship with pupils
- > Rewards, Sanctions and if necessary positive handling are used effectively, consistently and fairly by staff, in line with this behaviour policy
- > Suspensions and Exclusions are only used as a last resort as described in the trust's suspension and exclusion policy
- > Ensure the involvement of families, where appropriate, in behaviour incidents to foster good relationship between home and school
- > Ensure our pupils take on moral responsibilities linked to our values to: care for each other; demonstrate honesty by taking responsibility for their actions and showing respect for all.

## 6. Promoting Positive Behaviour

All school staff will encourage positive behaviour by setting a good example and:

- > Making behavioural expectations clear through an assertive style of behaviour management
- > Highlighting good behaviour with verbal praise
- > By modelling the behaviour expected of children as appropriate e.g., listening, talking politely and respectfully, being physically gentle, trusting, truthful, fair and caring.
- > Being consistent and fair
- > Warning of the consequences of making the wrong choices about behaviour
- > Informing parents of good behaviour and celebrating this
- > Encouraging parents to act as role models for their children in terms of their own behaviour

Staff can also use the following strategies to promote positive self-esteem and good behaviour:

- > A relevant, motivating, stimulating curriculum, differentiated to meet the needs of all pupils.
- > Display the classroom rules
- > Develop positive relationship with pupils through:
  - o Greeting pupils in the morning/at the start of lessons
  - o Establish clear routines
  - o Communications expectations of behaviour in ways other than verbally
  - o Highlight and promote good behaviour
  - o Conclude the day positively and start the next day afresh
  - o Use positive reinforcement
- > Positive self-esteem and talking and learning about behaviour will be taught regularly through the PHSE programme.
- > Listening systems will be employed in each class so that children know how to indicate to the teacher that they need to talk about something that is worrying them.
- > Praising/rewarding children who are exhibiting appropriate behaviour and noting those who then copy that behaviour.
- > Children in each class will be given opportunities to take responsibility in various ways.
- > Class rewards systems as detailed above will be made available in order to reward and promote good behaviour at an age-appropriate level and expectation.
- > Children who behave inappropriately will be encouraged to discuss the value they are not demonstrating and discuss ways in which they could manage the situation next time to avoid this situation recurring.

## 7. Incentives and Rewards for Demonstrating Good Behaviour

Children will be rewarded for "going above and beyond" in terms of effort in their learning or for demonstrating these values in action in the same way. We will expect all children to demonstrate and "live out" these Christian values daily in school and rewards will be the exception.

Rewards will consist of:

- > Marbles in the jar for whole class rewards (age-appropriate frequency and children involved in deciding the rewards for the class)
- > Weekly star of the week, writing, maths, headteacher awards
- > Reading raffle
- > Termly best attendance award: individual and class
- > Picnic/attendance party for any children with 98-100% attendance all year
- > Termly Headteacher tea party for two children in every class for consistently showing school values
- > Headteacher 'wall of fame' termly best writing in each class displayed

## **11. Managing Misbehaviour**

The school may use one or more of the following sanctions in response to unacceptable misbehaviour:

1. Clear Reminder about the expected behaviour and to follow the school rules
2. Warning Reminder about the expected behaviour and a reminder about the choice to change their behaviour. A reference to the value not being demonstrated will be made. Child to move seats in the classroom.
3. Removal from the classroom to complete work in another class if behaviour has continued from previous steps or if child has answered back or being rude to a member of staff.

## **12. Managing Serious Misbehaviour**

The school may use one or more of the following sanctions in response to unacceptable serious misbehaviour:

4. Loss of social time (break or lunch time) including a reflection and conversation with an adult about what has gone wrong and needs to be put right. A reference to the value not being demonstrated will be made.
5. Discussion with the Headteacher and Parents
  - > Internal isolation working with the Headteacher/Senior Leader for part of the school day
  - > Establishment of an individual behaviour support plan

The Headteacher may use one or more of the following sanctions in response to serious breaches of the school behaviour policy in line with the trust's suspension and exclusion policy:

- > Suspension from the school for lunchtimes
- > Suspension from the school for a short-limited period where if allowing them to remain in school would seriously harm the education or welfare of the pupil or others in the school. On return to school the child and parents will take part in a reintegration meeting to address the cause of the sanction and set out expectations for future behaviour.
- > Permanent Exclusion

## **13. Reasonable Adjustment for Pupils with Special Educational Needs and Disabilities**

When considering the behaviour of any pupil with SEND, the school will carefully consider whether the pupil understood the rule or instruction, and whether they were unable to act differently on account of their SEND. We will then assess if it is appropriate to use a sanction and if so, whether any adjustments need to be made to the sanction.

## **14. Misbehaviour Off-Site**

Sanctions may be applied where a pupil has misbehaved off-site when representing the school. This means misbehaviour or serious misbehaviour when the pupil is:

- > Taking part in any school-organised or school-related activity (e.g., school trips)  
Travelling to or from school
- > Wearing school uniform
- > In any other way identifiable as a pupil of our school
- > Sanctions may also be applied where a pupil has misbehaved off-site at any time, whether or not the conditions above apply, if the misbehaviour:
  - > Could have repercussions for the orderly running of the school
  - > Poses a threat to another pupil or member of the public
  - > Could adversely affect the reputation of the school
- > Sanctions will only be given out on school premises or elsewhere when the pupil is under the lawful control of the staff member (e.g., on a school-organised trip).

## **15. Malicious Allegations**

Where a pupil makes an allegation against a member of staff and that allegation is shown to have been deliberately invented or malicious, the school will discipline the pupil in accordance with this policy.

Where a pupil makes an allegation of sexual violence or sexual harassment against another pupil and that allegation is shown to have been deliberately invented or malicious, the school will discipline the pupil in accordance with this policy.

In all cases where an allegation is determined to be unsubstantiated, unfounded, false or malicious, the school (in collaboration with the local authority designated officer, where relevant) will consider whether the pupil who made the allegation is in need of help, or the allegation may have been a cry for help. If so, a referral to children's social care may be appropriate.

The school will also consider the pastoral needs of staff and pupils accused of misconduct.

Please refer to our child protection and safeguarding policy and allegations of abuse against staff policy for more information on responding to allegations of abuse against staff or other pupils.

## **16. Removal from classrooms (internal isolation)**

Removal is used where a pupil demonstrates a serious breach of the behaviour policy and is required to spend time out of the classroom at the instruction of a member of staff. The intention of this removal is to allow for the continuation of the pupil's education in a supervised setting.

Removal from the classroom should be considered a serious sanction. It will only be used when necessary and once other behavioural strategies in the classroom have been attempted, unless the behaviour is so extreme as to warrant immediate removal. Parents will be informed on the same day if their child has been removed from the classroom. The reasons for removal from the classroom will be communicated transparently to pupils and staff.

Removal will be used for the following reasons:

- > to maintain the safety of all pupils and to restore stability following an unreasonably high level of disruption;
- > to enable disruptive pupils to be taken to a place where education can be continued in a managed environment
- > to allow the pupil to regain calm in a safe space.

Removal from the classroom will be used for a maximum period of one day. The Headteacher will ensure that the removal location is in an appropriate area of the school and stocked with appropriate resources, is a suitable place to learn and refocus, and is supervised by trained members of staff. The Headteacher will ensure a clear process of reintegration of any pupil in removal into the classroom where appropriate and safe to do so.

## **17. Physical Intervention and Support**

The use of reasonable force in school is covered by the DfE guidance [Use of reasonable force in schools](#)

The guidance states that schools can use reasonable force to:

- > remove disruptive children from the classroom where they have refused to follow an instruction to do so;
- > prevent a pupil behaving in a way that disrupts a school event or a school trip or visit;
- > prevent a pupil leaving the classroom where allowing the pupil to leave would risk their safety or lead to behaviour that disrupts the behaviour of others;
- > prevent a pupil from attacking a member of staff or another pupil, or to stop a fight in the playground; and
- > restrain a pupil at risk of harming themselves through physical outbursts.

In rare circumstances staff who are physical handling trained may use reasonable force to restrain a pupil for the reasons outlined above.

Incidents of physical restraint:

- > Must always be used as a last resort
- > Be applied using the minimum amount of force and for the minimum amount of time possible
- > Be used in a way that maintains the safety and dignity of all concerned
- > Applied using trained techniques from the physical handling training
- > Must not be used as a punishment-it is always unlawful to use force as a punishment
- > Be recorded immediately following the restraint on the school CPOMS system and within the school's bound and numbered book. The incident must be reported on the same day to parents
- > Supported by an individual pupil risk assessment following the first use of a physical restraint which is regularly reviewed
- > Do not require parental consent to use force on a student

Headteachers and authorised school staff may also use such force as is reasonable given the circumstances when conducting a search for:

- > knives or weapons,
- > alcohol,
- > illegal drugs,
- > stolen items,
- > tobacco,
- > fireworks,
- > pornographic images or
- > articles that they reasonably suspect have been or are likely to be used to commit an offence or cause harm.

Force may not be used to search for other items banned under the school rules.

When considering using reasonable force staff should, in considering the risks, carefully recognise any specific vulnerabilities of the pupil, including SEND, mental health needs or medical conditions

## **18. Searching, Screening and Confiscation**

Any searching and screening of pupils is conducted in line with the DfE's guidance on [Searching, screening and confiscation at school](#)

Headteachers and staff they authorise have a statutory power to search a pupil or their possessions where they have reasonable grounds to suspect that the pupil may have a prohibited item listed in listed in section 17 of this policy (paragraph 3 of the above DfE guidance). These items will be confiscated and not return to pupils. The Designated Safeguarding Lead (or Deputy) should be informed of any searching where the member of staff had reasonable grounds to suspect a pupil was in possession of a prohibited item as listed above. The staff member should also involve the Designated Safeguarding Lead (or Deputy) without delay if they believe the search has revealed a safeguarding risk.

Under common law, school staff have the power to search a pupil for any item if the pupil agrees. The member of staff should ensure the pupil understands the reason for the search and how it will be conducted so that their agreement is informed.

Only the headteacher, or a member of staff authorised by the headteacher, can carry out a search. The headteacher can authorise individual members of staff to search for specific items, or all items set out in the school's behaviour policy.

Any search undertaken by an authorised member of staff must be recorded using the school's CPOMS system. The record of search should include:

- > the date, time and location of the search;
- > which pupil was searched;
- > who conducted the search and any other adults or pupils present;
- > what was being searched for;
- > the reason for searching;
- > what items, if any, were found; and
- > what follow-up action was taken as a consequence of the search.

Parents should always be informed of any search for a prohibited item and the outcome of the search as soon as is practicable. A member of staff should inform the parents of what, if anything, has been confiscated and the resulting action the school has taken, including any sanctions applied.

## **19. Support for pupils**

The school recognises its legal duty under the Equality Act 2010 to prevent pupils with a protected characteristic from being at a disadvantage. Consequently, our approach to challenging behaviour may be differentiated to cater to the needs of the pupil.

The school's special educational needs co-ordinator will evaluate a pupil who exhibits challenging behaviour to determine whether they have any underlying needs that are not currently being met.

Where necessary, support and advice will also be sought from specialist teachers, an educational psychologist, medical practitioners and/or others, to identify or support specific needs.

When acute needs are identified in a pupil, we will liaise with external agencies and plan support programmes for that child. We will work with parents to create the plan and review it on a regular basis.

The school will anticipate likely triggers of misbehaviour (ABC from) and put in place support to try to prevent them.

## **20. Behaviour as indicator of harm**

The school recognises that changes in behaviour may be an indicator that a pupil is in need of help or protection. We will consider whether a pupil's misbehaviour may be linked to them suffering, or being likely to suffer, significant harm. Where this may be the case, we will follow our child protection and safeguarding policy.

## **21. Child-on-child sexual violence and sexual harassment**

Incidents of child-on child sexual violence and sexual harassment will be dealt with in line with part 5 of the safeguarding principles set out in [Keeping children safe in education](#). The Designated Safeguarding Lead is the most appropriate person to advise on the school's initial response.

When dealing with incidents of this nature the school will ensure:

- > a clear zero tolerance approach to sexual violence and sexual harassment, that is never acceptable, will not be tolerated and that pupils whose behaviour falls below expectations will be sanctioned
- > Incidents are met with a suitable response and never ignored

- > Pupils are encouraged to report anything that makes them uncomfortable, no matter how small they feel it might be
- > Victims are reassured that they will be supported, kept safe and are being taken seriously, regardless of how long it has taken them to come forward
- > Abuse that occurs online or outside of the school will be treated equally seriously
- > Ensure the response and if appropriate resulting sanction is proportionate, considered, supported and each incident is considered on a case-by-case basis

The school has procedures in place to respond to any allegations or concerns regarding a child's safety or wellbeing. These include clear processes for:

- > Responding to a report
- > Carrying out risk assessments, where appropriate, to help determine whether to:
  - o Manage the incident internally
  - o Refer to early help
  - o Refer to children's social care
  - o Report to the police

Please refer to our child protection and safeguarding policy for more information

## **22. Staff induction, development and support**

All staff on employment to the school will receive a copy of the school behaviour policy and training from the school behaviour lead as part of their new starter induction.

All Staff will receive annual training around the school behaviour policy and management of behaviour processes. Periodic additional training will be undertaken with staff individually or as a whole in response to identify trends or patterns.

Nominated staff by the Headteacher will undertake physical handling training which will be reviewed according to the providers reaccreditation timetable.

## **23. Pupil Transition**

To ensure a smooth transition to the next year, pupils have transition sessions with their new teacher(s). In addition, staff members hold transition meetings. To ensure behaviour is continually monitored and the right support is in place, information related to pupil behaviour issues may be transferred to relevant staff at the start of the term or year.

## **24. Monitoring Arrangements**

This behaviour policy will be reviewed by the Headteacher and the Local Academy Board at least annually or more frequently if needed in response to identified patterns, trends or stakeholder feedback.

The written statement of behaviour principles will be reviewed and approved by the Local Academy Board on an annual basis.

## **25. Links to other policies**

This behaviour policy is linked to the other following policies:
